Dance Club Information

The Dance Club of Grays Harbor was formed in 2008 by a core group of dancers who wanted a place to dance regularly. What started out as a small group dancing to DJ music has evolved into more than 50 members and guests who come to dance to the live music.

The Hoquiam Elks Lodge is our dance venue, which, with its spacious ballroom and wood floor, presents an impressive venue for all styles of dancing. And the live bands deliver a wide variety of music: from Swing to Viennese Waltz, from George Strait to Lady Gaga.

Dance lessons provide an opportunity to learn new steps. Dance mixers offer each person a chance to dance with different partners. And dance demonstrations showcase dance routines, whether performed by seasoned dancers or by novice dancers who want to get comfortable performing in front of other dancers. Come join us!
